**Date:** 6th March 2026

**From:** School Administration

**To:** EYFS and Year 1 Parents

**Subject:** Celebrating Mathematics Day in Foundation and Year 1!

Dear Parents,

We are excited to announce that Hampton Heights International School will be celebrating **Mathematics Day** on **27<sup>th</sup> March 2026**! This special day is designed to introduce our kindergarteners to the wonders of math through fun, hands-on activities that encourage curiosity and build confidence with numbers.

Here's what we have planned:

- **Order Up!" (Addition Café):** Students pretend to be café workers. You "order" items: "I want 2 cookies and 3 cupcakes." Students add and show the total using fingers, drawings, or mini whiteboards. Extend: Let students take turns being the "customer."
- **Build a Menu (money Recognition):** Students create a simple café menu:  
Juice = 5 AED  
Cake = 8 AED
- **More or Less Game:** Show two groups of items and explain  
"Which plate has more?"  
"Which has fewer?"

#### **How You Can Support Mathematics Day:**

**Kindly provide** beans, pasta, cereal, buttons cookies, cupcakes, any toy, food small plates or bowls; household objects such as a plate, book or bread money a cup, spoon or small containers water or dry items like rice or beans number cards from 1–20

Mathematics Day is all about showing children that math is not only important but also fun!

If you have any questions, kindly contact the homeroom teacher.

Thank you for helping us make this a joyful learning experience for our little mathematicians!

Thanks, & regards,

*Meeta Pransota*

Head of EYFS & Year 1
